

California Reinstatement Exception Agreement Affidavit of No Losses

Policy Number: _____

Named Insured: _____

Cancellation Effective Date: _____

I understand that all coverage under the above referenced insurance policy terminated at 12:01 a.m. on the cancellation effective date.

- No member of my household has been involved in any automobile accident since the cancellation.
- No vehicle covered by the above referenced policy has been involved in any accident or sustained any loss since the cancellation.

I understand that, based on the reliance of my affidavit, the insurance company will make an *exception* to reinstate the above referenced insurance policy. By making this *exception*, the insurance company provides me with the benefit of not being required to apply for a replacement policy, which would:

- Require a new down payment
- Be subject to rate changes that the company may have implemented since my policy was issued

I understand that if I attempt to file a claim for any loss that occurred during the lapse period, no coverage will be provided and that the reinstatement may be voided due to material misrepresentation.
